## PROSTATIC CONDITION TROUBLING PRESIDENT

WASHINGTON, Oct. 17.—White president Wilson was feeling well today, his physicians said. The prostatic condition from which he had been suffering for several days was checked, the general improvement of the past two weeks.

The doctors issued the following bulletin:

12:25 p.m.—White House, October 17, 1919.

"The president passed a comfortable night and is feeling well this morning. His temperature, pulse and respiration rates are normal. The prostatic condition is not as satisfactory as yesterday and is checking general improvement of the past two weeks."

(Signed)

"GRAYSON, RUFFIN, STITT."

Dr. Grayson announced that he had called in Dr. Hugh Young, of Johns Hopkins Hospital, Baltimore, one of the foremost specialists in the country on prostatic troubles, and that he was expected at the White House some time today. During the morning the president was treated by Dr. Fowler, a Washington specialist, who was called in when the president first suffered this complication several days ago.

Dr. Young will make a thorough examination of the swelling of the prostate gland to determine whether an operation is necessary, Dr. Grayson said.

The physician said the swelling of the prostate gland, from which the president had been free all day and the night before, returned in the early hours this morning and caused some irritation.

While the trouble might be only minor in character, Dr. Grayson said, there was no doubt that it had retarded somewhat the progress the president had been making toward recovery.

Irritation accompanying the swelling of the prostate gland, he explained, was calculated to affect adversely the nervous condition of the patient.

## Ludendorff, Feeling That Overwhelming Blow At Russians Alone Could Save Him, Planned To Make It

"What will the country say?" Ludendorff asked as he contemplated his retreat from Warsaw in October, 1918. He made his retreat and early in November the country was saying it. Germany was in a panic again because the Russians had reached German soil east of Thorn and were perilously close to the coal fields of Silesia.

How desperate was the situation Ludendorff reveals when he says he ordered preparations for destruction of the vital Silesian mines and was stopped in this design only by orders higher up. At this time the Kaiser traveled to the eastern front and Tietz has revealed it was only the dramatic intervention that saved Hindenburg and probably Ludendorff, too, from dismissal.

Now Ludendorff determined to take advantage of the superior German strategic railroads to strike a surprise blow in the hope of rolling up the Russians before they could make ready their invasion. He had thoroughly destroyed the railroads and roads on his retreat through Poland and Grand Duke Nicholas could not move up his army and supply it for an advance short of several weeks. So, leaving a thin screen in front of the Russians on the southern half of the Polish frontier, Ludendorff gathered every available soldier and gun between Thorn and Posen for his new enterprise.

By GENERAL ERICH LUDENDORFF

At the end of October (1918) General von Falkenhayn summoned me to Berlin (from the Russian front, where he just completed the great retreat from Warsaw). General von Conrad (the Austrian commander) had suggested to him that large forces from the West should be sent to the Eastern front. General von Falkenhayn spoke hopefully of the attack near Ypres and wanted to defer further decisions. I was not able to give him precise information as to the plans of our staff. Nothing had yet been decided.

In Berlin I felt that I was in another world. The difference between the immense strain under which I had been living since the beginning of the war and the way of life in Berlin was too great. The passion for munition and pleasure reigned. People did not seem to realize the seriousness of our position in the war. I was implacably impressed and felt like a stranger. I was glad to get back to Czestochowa and the friendly circle of my comrades.

On the morning of November 3 I was convinced our situation must be handled differently altogether. I asked General von Hindenburg to agree to a plan which had been previously discussed of taking our forces upon by Malmesbach (near the fortress of Thorn). Orders to this effect were immediately given and we informed General Headquarters of this decision.

## REDS LOSE GRIP ON RUSSIA

WASHINGTON, Oct. 17.—Reports of the capture of Petrograd and Kronstadt by Northern Russian forces, under General Yudenich, were received at the state department today from an American consular officer in Sweden on the Finnish border. Confirmation of the report had not been received when the dispatch was sent, but it was said that they generally were credited in Sweden.

LONDON, Oct. 17.—The march of General Yudenich, at the head of the Northern Russian army on the city of Petrograd was still proceeding favorably at the latest advice. Some reports of his advance, however, have apparently caused his army to proceed more slowly than at first. There appeared for instance, some doubt today whether the fortress of Kronstadt, outpost at the water approach to Petrograd, had capitulated to the Yudenich forces as indicated in reports from the night. The British admiralty had received no confirmation of this and the accuracy of the news was questioned. It is admirably pointed.

Dispatches from Scandinavia have announced the capture of Gatchina, 25 miles south of Petrograd, by the Yudenich forces and stated that Yudenich was advancing on Petrograd. The former summer residence of Tsar Nicholas and Tsarina Alexandra, however, was not in the hands of the Yudenich forces.

Reports of the capture of these places by the anti-Bolshevik army, however, seemed of doubtful accuracy. A Bolshevik wireless station is located at Gatchina and an announcement was made by the wireless press here this morning that the Bolsheviks were apparently still in possession of it as Soviet propaganda was being sent out from the station during this afternoon.

Soviet troops are reported to be leaving Petrograd, a mutiny among the men having broken out. In any event, the Yudenich forces are encountering feeble resistance.

Bolshevik transports are said to have captured Kirov, but in this respect the situation is obscure. It was reported last week that Kirov was in the hands of General Petrov's Russian army, which advanced against General Yudenich's forces after the capture of Petrograd's destruction of war on the face of the city.

Further details of the situation south of Moscow have not been received, but it appears the Bolshevik army in that region are launching counter attacks against General Yudenich's lines. With the exception of the capture of Kirov, the Bolsheviks seem to have been repulsed about the new front.

There is also some uncertainty as to the exact situation in Lithuania, where Russian and Lithuanian troops are engaged. Lithuanian troops have been ordered to advance against the Bolsheviks in the government of Kovno. If this movement should be carried out the Lithuanians would be in the rear of the German-Lithuanian forces, which advanced against Riga last week and have since last Friday been fighting Lithuanian and Russian troops in that city.

## AVIATOR CROSSES ALPS, AT ROME

PARIS, Oct. 17.—(Havas)—Lieutenant Paul, the French aviator, who came from Issy-les-Moulineaux Tuesday morning on a flight to Melbourne, Australia, arrived yesterday morning at Rome, landing at the airport of Ciampino. He had left the French military airport at Reims Wednesday and succeeded in crossing the Alps.

## SIX MEN ARE SHOT IN STRIKE DISORDERS AT NEWPORT, KY.

CINCINNATI, O., Oct. 17.—The clash between strike sympathizers and guards and workmen of the Anderson Steel Company, New Port, Kentucky, last night in which William Nimmo, former chief of detectives of Cincinnati, and five other men were shot, is believed to have been caused by reports that munition workers were being brought in to operate the steel plants, besides Nimmo, who received twenty lacerated wounds in his leg, arm and head the injured men: William L. Fields, Newport; Irwin Roeder, Covington; Carl Borschelt, Clifton; Mr. John Duran, Cincinnati; and Lee Collins, Cincinnati. Borschelt said to be the only strike wounded, is in a serious condition.

The fight started immediately after nine o'clock and three workmen left the gates of the steel plant after working hours.

Nimmo and his party took refuge in a government warehouse nearby, where they were besieged for five hours, during which time Nimmo and two other wounded men suffered from lack of medical attention. They were rescued by Newport police.

Verdict of shooting officer, which was to which this first shot, was story received by the authorities that a man in the vicinity waved a white flag as a signal to the strikers and that shots were fired from nearby houses.

When the Anderson plant closed down last June the workers formed a union. They made demands for increased wages and changes in working conditions. The company refused to grant these demands. A general strike of employees then was called.

The plant has been closed for approximately 20 weeks, officials said last night.

## PALMER CALLS HIGH COST CONFERENCE

WASHINGTON, Oct. 17.—Attorney General Palmer today again summoned to his office his associates in the fight on the high cost of living. Secretary Fisher and Secretary Daniels and Director Chas. E. Smith, of the Council of National Defense, were added to the officials participating in previous discussions and who included Secretaries Glass, Houston and Wilson.

Several new proposals, which have not been divulged, were to come before the conference, with the intention that final decisions would be made. The meeting was regarded as the last preliminary step to a vigorous campaign by the department of justice and other governmental agencies to lower the cost of living.

## NO FIXED PLAN TO PREVENT THE MINERS' STRIKE

WASHINGTON, Oct. 17.—In continuing today his attempt to mediate between coal mine operators and their workmen, who have demanded the six hour day and the five day week, Secretary of Labor Wilson announced he was proceeding without a fixed plan.

John L. Lewis, acting president of the United Mine Workers, and Thomas J. Brainerd, president of the coal operators' union, had engagements with the secretary today, to open the negotiations by which, it is hoped, the coal miners' strike, called for November 1, in the central competitive fields, may be averted.

## THE YOUNG LADY ACROSS THE WAY

## SENATE REJECTS AMENDMENT BY VOTE OF 55-35

WASHINGTON, Oct. 17.—Having finally disposed of the Shanghai amendment to the peace treaty by a vote which left no doubt as to its attitude on the question, the senate was ready today to resume reading of the printed text, a four day job at best, with clerks reading in relays.

While there was no formal agreement, the plan was to continue reading today and tomorrow. Having had its fill of speech-making the past week, the senate was not inclined to jump into it again today. The Johnson amendment, designed to equalize the voting power of the United States and Great Britain, will be taken up next week and is expected to start a protracted period of oratory.

The Shanghai amendment, which provided that the Chinese province of Shantung, taken from Germany by Japan, be restored to China, was defeated by a vote of 55 to 35. Fourteen Republicans voted with the Democrats against it, while three Democrats voted for it.

Republican leaders declared that the result had no possible bearing on the prospect for ratification, insisting that there was no hope of ratifying the treaty without reservations. They pointed out that many of the former Republicans announced they would denounce and reservations which would substantially the same purpose as amendments.

The vote in detail follows:

Republicans: Fall, Pomeroy, Brandegee, Childers, Capper, Curtis, Dill, Graham, Hall, Francis, Fredericks, Gurnea, Harbo, Johnson, McMillan, Mann, Jones, Washington, Knox, La Follette, Lodge, McCumber, McLean, Moses, New, Newberry, Norris, Page, Penrose, Phillips, Poinsett, Sherman, Sutherland, Wadsworth, Warren and Watson—32.

Democrats: Gurnea, Reed and Walsh—3.

Total for adoption—35.

Against adoption:

Republicans: Holt, Chandler, Hale, Kellogg, Kenyon, Keyes, Leasure, McCumber, Nelson, Smoot, Spencer, Sterling and Townsend—11.

Democrats: Ashurst, Barkhead, Beckham, Chamberlain, Collier, Dill, Fletcher, Gray, Hitchcock, Harris, Harrison, Henderson, Hitchcock, Jones (New Mexico), Kendrick, Rice, Kirby, McKellar, Myers, Nugent, Overman, Owen, Phelan, Pittman, Pomeroy, Randall, Robinson, Sheppard, Shields, Simmons, Smith (Arizona), Smith (Georgia), Smith (Maryland), Stanley, Swanson, Tamm, Tammell, Underwood, Walsh (Montana), Williams and Wolcott—11.

Total against adoption—35.

The six senators absent or paired were:

For adoption—Fernald, Republican, Maine and Ekins, Republican, West Virginia.

Against adoption—Dix, Republican, New Jersey; Johnson, Democrat, South Dakota; Martin, Democrat, Virginia, and Smith, Democrat, South Carolina.

RETURNING TO U.S.

## "Flying Parson" Stays In Race

ROCK ISLAND, Oct. 17.—Lieutenant Robert W. Maynard was given an ovation by an enormous crowd on his arrival here at 12:15 p.m. from Des Moines, having made the 138 mile trip in 83 minutes, breaking his record for the same leg of the journey on his trip west.

BUFFALO, N. Y., Oct. 17.—Captain Lowell H. Smith, flying in the airplane used by Major Carl Spatz, over more than half the course of the transcontinental contest, left here at 12:29:30 for Cleveland.

Major Carl Spatz, who reached Buffalo this morning on his return flight to San Francisco, informed the army officials that he desired to withdraw from the race.

MINNEAPOLIS, N. Y., Oct. 17.—In the face of a strong northwest wind, blowing forty miles an hour, Lieutenant E. C. Kiel, in a De Havilland airplane, with Sergeant Frank McKee as a passenger, started on the return flight to San Francisco in the army's transcontinental air race at 9:12:12 o'clock this morning.

## FOIL COUP TO PLACE EX-EMPEROR CHARLES ON HUNGARIAN THRONE

VIENNA, Wednesday, Oct. 16.—(By the Associated Press)—The motive for the attempted arrest of Premier Stephan Friedrich, of Hungary, by Romanians on Monday, was the discovery, it is said, that he was planning a coup d'etat with the object of placing former Emperor Charles, of Austria, on the Hungarian throne. This information is given in a dispatch from Budapest to the Associated Press.

Hungarian forces, commanded by Admiral Horthy, former commander-in-chief of the Austro-Hungarian navy, were last week within one day's march of Budapest, after having been forced under Premier Friedrich's orders, to withdraw from the city.

School children are to act as vote solicitors and to sell to their parents. Prizes will be awarded to the schools casting the highest number of votes in the thrift party.

# SPIRIT OF CONCILIATION SHOWN IN RESOLUTION OFFERED BY CAPITAL

WASHINGTON, Oct. 17.—With the production of a resolution by the capital group giving its views as to the spirit of collective bargaining a spirit of conciliation was manifested today in the national industrial conference.  
L. M. Sheppard, head of the railway conductors' brotherhood, said he saw in the resolution a sincere effort at a closer cooperation between capital and labor in the meeting, and declared that in his opinion, the gathering was "just getting down to business."  
Announcing that the impatience manifested by the labor group Thursday had now given way to a willingness to wait any reasonable length of time, Mr. Sheppard said his group now every prospect of a harmonious adjustment of the difficulties existing between the right and left wings of the conference is a result of the employers' resolution.  
The resolution by the capital group, which Chairman Harry A. Wheeler said had been assented to by eleven of the fourteen members present, follows:  
"Resolved: That without in any way limiting the right of a wage earner to refrain from joining and association or to deal directly with his employer as he chooses, the right of wage earners in private, an distinguished from government, employment to organize in trade and labor unions, in shop industrial councils, or other lawful form of association, to bargain collectively, to be represented by representatives of their own choosing in negotiations and adjustments with employers."

## W. C. DEVEREAUX PREDICTS 25 FEET

**BULLETIN**  
At 2:30 this afternoon the Ohio had crept up to 22 feet and was still rising at the rate of almost two inches an hour.

At 10:15 this morning River Observer F. R. Winter received the following message from a Weather Forecaster W. C. Devereaux of Cincinnati: "River at Portsmouth will continue to rise for 24 hours and probably will reach 25 feet at your point. The river is rising from Pittsburgh to Cincinnati. The Kanawha is also rising and rain is reported at all points along the Ohio."

Should the Ohio reach 25 feet some of the lowland in the bottoms will be submerged. Farmers are taking no chances and are busy moving their corn to higher ground.

At 7 o'clock this morning the Ohio river registered 20 feet here and is rising very slowly. However, it is predicted that the river will reach a stage of 22 feet before the next five p.m. This will not cause any damage to lowland farmers according to River Observer F. R. Winter.

The rainfall on Friday and the morning amount to about an inch.

The Ohio river passed its highest stage for the season at 22 feet on Friday.

At 7 o'clock this morning the Ohio river registered 20 feet here and is rising very slowly. However, it is predicted that the river will reach a stage of 22 feet before the next five p.m. This will not cause any damage to lowland farmers according to River Observer F. R. Winter.

## I Owe My Life to PE-RU-NA

Mr. McKinley's letter brings cheer to all who may be sufferers as he was. Read it:  
"I can honestly say that I owe my life to Peru. After some of the best doctors in the country gave me up and told me I could not live another month, Peru saved me. Travelling from town to town, throughout the country and having to go into all kinds of badly heated stores and buildings, sometimes standing up for hours at a time while playing my trade as a musician. It is only natural that I had colds frequently so when this would occur I paid little attention to it until last December when I contracted a severe cold, which through neglect on my part settled on my lungs. When almost two years later, I began doctoring, but, without avail, until I heard of Peru. It cured me so I cannot praise it too highly."

Now, I've seen girls who have been so scared come to an age when they should be easy in manner, attractive of pose, jolly, and lovely, but so very painfully awkward and uneasy when they were finally allowed to go around.

You asked me why it would be later and what you would gain by waiting two years. Well, you would gain in pleasant surprise and in look—knowing.

I do not advocate "cases" but I do advocate broad-mindedness and mental development in the ways of the world. If you wish to be great, you must first be good. In waiting through the rare colored glasses of youth.

### SOCIETY

Introducing the famous Tom Howard Jazz Orchestra of Columbus, last evening, the Bassman Banding Academy held one of the most successful dances of the year, with two hundred couples in attendance. The evening music for the ever popular waltz, fox-trot and one-step continued from 9:30 till 12, the music being added to the gaiety of the affair with an occasional song, their voices blending in harmony with their instruments. A delightful new feature in the beautiful lighting system of the hall room was used for the first time last evening, when a huge hall with tiny mirrored facets, suspended from the center of the ceiling cast dancing bits of light over all. Mr. Bassman has promised to have the Howard Orchestra here again in the near future.

The Daughters of the High School will hold a party in the High School gym on Saturday night, beginning at 7:30 p. m. Each member is required to bring 10 cents for extra.

The society is made up of most of the High School girls, and the faculty members are Misses Estelle Welby and Edna Houser, together with some of the officers of the Y. W. C. A. who are interested in the affairs of the girls.

The regular meeting of the Valley Relief Corps for Monday has been postponed until Wednesday afternoon at 2 o'clock, when the delegates who attended the convention at Akron will give their reports. A full attendance is urged.

Mrs. Lydia M. Rowe, Pres.  
Mrs. L. M. Ricker, Sec.

Complimentary to their houseguest, Miss Anna Glockner of Pomona, Mr. and Mrs. Louis C. Hurlb, entertained the members of the Matron and Maid Club with their husbands and friends in their home on Second Street last evening. Clusters of pink cosmos and roses lent to the attractiveness of the decorating in the rooms used for the delightful evening, passed with exciting games of 500. For making the highest scores, Mrs. Nettie Perrell and Mr. Charles Streuber were given prizes and the hostess presented Miss Glockner with a pretty guest favor. Mrs. Adolph Hurlb, Sr., and Mrs. John Snyder assisted the hostess in serving a delectable three course luncheon, at the small table, attractively appointed. The guests numbered, Messrs. A. J. Meador, Adam Beck, William Burke, Otto Emmert, Adolph Goodman, Adolph Glockner, J. J. Brubaker, Charles Streuber, John Snyder, John McMahon, A. J. Meador, W. L. Quastel, Mrs. Nettie Perrell, Mrs. Isabel Krickler, Miss Mary Augustin, Miss Anna Goodman, Miss Margaret McMahon, Messrs. Geo. Goodman and Vallee Hurlb.

Miss Margaret McMahon of Ninth Street will entertain the club on Saturday afternoon, at which Miss Glockner will be a guest.

The Home League had an interesting meeting yesterday afternoon at the home of Mrs. John Rothschmidt of Third Street with Mrs. F. W. Chase assisting. A program on Americanization was presented and every member present indicated the American's creed. The scripture reading was given by Mrs. J. T. McCormick, revealing the roll-call which was responded to with patriotic emotions. Mrs. H. R. Cartwright read a paper on "Americanization" and Mrs. Maxine Russell gave a reading on the "Influence of Telegony in America." The singing corner was given by Miss Mary Smith, Mrs. Edna Anderson of Seattle, Wash., was an out of town guest. The next meeting will be held on Thursday, October 20, with Mrs. Florence Page and Mrs. Daniel Onstoft as hostesses.

The Portsmouth chapter of the Order of the Eastern Star will be in session on Tuesday evening, October 21, by the District Deputy Grand Maroon, Mrs. Mabel Lane of Eastwood, Ohio. The members of the chapter will have dinner at 6 o'clock at the United Brethren church.

Mrs. Margaret Vunker of Eleventh Street will spend the week-end in Chillicothe visiting with friends.

Mrs. H. A. Weeks and Mrs. E. C. Sims of Hartsville, Ohio, are here for a visit with Mrs. John Wente of Fourth Street and Miss Ralph Calvert of Second Street.

The second meeting of the New Century Club will be held on next Friday afternoon, October 21, in the K. of P. Hall, with Mrs. Joan Lee as chairman.

Mrs. Charles Hall of Second Street, will be the hostess of the Saturday Whist Club, tomorrow afternoon.

The Ladies Aid Society of All Saints Parish will meet on Monday afternoon at the home of Mrs. S. S. Halderman at Ninth and Gay streets. The assistants will be Mrs. M. S. Pixley and Mrs. Frank Minico.

Mr. and Mrs. William Hastings of Columbus are visiting Portsmouth relatives and friends.

Dr. and Mrs. J. N. Elmer of Franklin avenue have as guest, the latter's father, Mr. J. A. Chambers of Columbus.

ROMEO AND JULIETTE.

You will have to prepare a little and present it to some vaudeville manager. He will give you his frank opinion. If you are good he will suggest a means of getting started and if he thinks you lack talent he will say so. I would scarcely advise you to give up good positions for an uncertainty.

Dear Miss Wise—I would like your opinion or advice on my situation which I will explain as nearly as possible.

I am sixteen years old and a Junior in High School. A number of my girl friends, in fact, practically all of them have dates and go with the fellows. They know lots of the fellows but neither and dad tell me I am too young to go out with the fellows like the other girls do. Dad says if I go to school and get my lessons as I should I wouldn't have time for the boys.

When I tell the girls this they say, "Oh now, you're missing a good time by not going with the fellows now. What's the use in waiting two or three more years?"

Mother and dad said I might go with the boys when I finished High School provided I do not wish to go to college and I'll have plenty of time for having fellows then.

Now what I expect understood is as well as a time for college, but mother can't explain it this. Will I have any more children to go to college and I'll have plenty of time for having fellows then.

We are now both looking very good and make more of a cross on the stage. I have a time for college, but mother can't explain it this. Will I have any more children to go to college and I'll have plenty of time for having fellows then.

your idea of this as we will have to. You never gave very much and don't

Dear Miss Wise—Could you tell me where all the millionaires get all their fine clothes. Name me a few of the places that sell fine clothes and hats. Also tell me where are some of the finest Art schools in the United States.

THANK YOU!  
These are exclusive shops in all large cities where wealthy patrons secure gowns of the best Parisian establishments. I do not know the names of these shops. However, large stores like the H. Almann, New York City; Deane's in Cincinnati and Giddings' in all large cities have beautiful things.

Many of the best schools of art are in the East in Boston and New York City.

Wife—Arguments like that you will have to decide yourself or get a Pink Cotton Divorce.

On technical matters of law you should consult a lawyer.

Dear Miss Wise—A young boy friend and I wish to go on the stage. We are both very talented or at least our friends seem to think so. We wish to be perfect ventriloquists as he has a sign and voice and I have real wit. What would you suggest?

We are not both holding very nice office positions. I feel that we could make more of a success of the stage as well as a name for ourselves. Our parents have never objected to our going but they never encouraged us. The thing we please advise us at once, least your idea of this as we will have to.

I never gone very much and don't

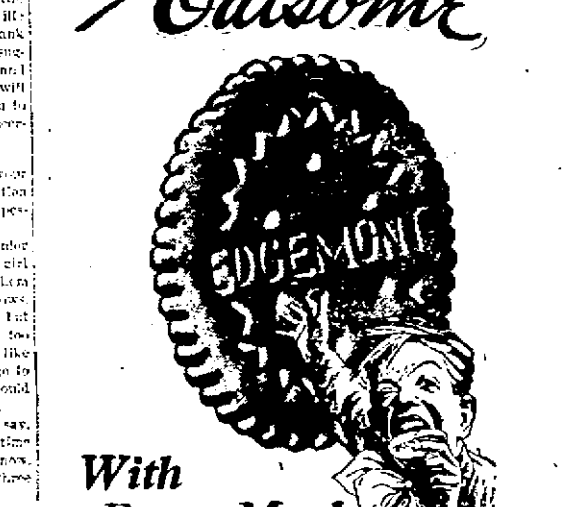

know very many fellows consequently I'm not what you would call a popular girl although the fellows I know seem to like me and treat me nice.

I think a girl has to be good looking to be popular and mother says they

don't have to be. Now what is your opinion on the subject.  
Thanks awfully for an answer.

## GET TOGETHER MEETING BIG SUCCESS

Young People's Get-together meeting at the church Thursday evening proved to be one of the most enjoyable affairs that the church has ever had. The young folks have attended for a long time. A large number of young folks were present and many of the older folks accepted the invitation to enjoy the program along with the younger folks.

part of the evening's entertainment. The first number was a very funny original representation of the opening exercises of a primary grade in school. The singing, the memory verses and the antics of the "youngsters" (who were young men and women) kept the audience in a roar of laughter.

Two little playlets were given "The Gossips" by four girls and "Wanted, A Servant," in which seven persons took part. Both were thoroughly enjoyed. During an intermission a contest was held which enabled everybody to move about and get acquainted with everybody else.

## BANK DIRECTORS PAY TRIBUTE TO MEMORY OF JUDGE MILNER

The weekly meeting of directors of the Central National Bank, held on Thursday afternoon, was devoted to a memorial meeting for the late Judge John C. Milner, who had been a director of the bank since 1912 and who had served much time and thought toward the rebuilding of the institution and increasing its usefulness in the community.

Directors of the bank all voiced their great esteem for Judge Milner in brief talks. In their association they had all come close to him and learned to like him sincerely both as a man and as a citizen, who never betrayed a friend and never shirked a duty.

Resolutions expressing the sense of loss felt by the directors, were read by Mr. Harry W. Miller, and were ordered spread upon the minutes of the bank. These resolutions were as follows:

The Committee appointed to prepare a tribute to the late Judge John C. Milner respectfully presents and moves the adoption of the following:

Judge John C. Milner, who died in Baltimore, on the 2nd day of October, 1919, had been a faithful and valued director of this bank since the 9th day of January, 1912. He was a recognized leader of the Bar, giving ability to those who entrusted to him their rights, and while on the bench he was an upright judge. He was a man of wonderful, scholarly attainments, eloquent, forceful in the advocacy of right, equally forceful in the denunciation of sham and evil and had the outstanding characteristics of perfect honesty and great moral and physical courage. He was altogether a man of such attainments, integrity and force in private, public and professional life, that his death is indeed a distinct and irretrievable loss.

The Board feels deeply his death, which was unexpected, and came to its members as a shock and a tragic thing. It acknowledges with certainty his ability and faithfulness as a member, grieves and mourns his death and expresses its sincere sympathy to his friends and family.

(Signed) Harry W. Miller,

Philo S. Clark,

Frank L. Martineau,

The general sentiment of Judge M. Milner's friends over his passing was most beautifully expressed by Mr. Wells A. Hutchins, in his remarks, following the reading of the resolutions.

Mr. Hutchins said:

Mr. President and Gentlemen:

It is with much sadness that we meet today as in our weekly custom, and note that one of our esteemed and respected directors, Judge Milner, is marked absent. This brings vividly to our minds the passing of William Walker and Judge Dyer, who also

served with much credit upon this Board.

To those of us who knew Judge Milner, his taking was no great surprise. His whole life was one of high tension; there was no relaxation, no rest, no change of pace. The machine ran in high gear over all roads, at all times, and it was a wonderful machine, wonderful power, wonderful speed, and wonderful engine. But these very conditions were bound to tell. This great speed could not be maintained. The machinery stopped. It was beyond repair, and our good and brilliant

friend, the distinguished lawyer, and the great reader, passed on.

We cherish his memory; we remember his keen sense of humor, his love of nature, and his high sense of law, both in his chosen profession, and in his daily life. We pause at this time, my associates, in memory of our absent friend, Judge John C. Milner. May the long journey be a pleasant one, and may he rest beneath the shade of green trees, and where rare flowers, of which he was so fond, give out their sweet perfume for him.

Goodbye and Farewell, our friend and Associate.

### Girls May Lose Jobs

RUSSELL, Ky., Oct. 17.—Young ladies employed in the C. & O. offices here were very much interested yesterday in a statement in one of the city papers to the effect that Director General Hines of the railroad administration had announced that the girl employees would have to give way to the men. A number of fronton and Russell girls have been holding very lucrative positions since the war and are naturally much interested in the prospect of losing them.

### OUR CREDIT PLAN

WE HAVE inaugurated a credit system as part of the business policy of this store, whereby anyone can completely furnish a home with a small payment down at the time of sale, the balance can be paid on terms to suit the customer's convenience.

### FURNITURE OF QUALITY

Our complete stock of home furnishings embraces only furniture of the better kind. Our policy is "No furniture too low priced to be good—no furniture too high priced to be prohibitive". We have only one price for everyone and that price is the lowest that similar furniture can be purchased for anywhere else.

## A Positive Guarantee of Absolute Satisfaction Goes With Every Article of Furniture purchased at this Store

LET us make our guarantee policy very clear to you. You can come in and select your furniture—choose that which is most suited to your needs, it don't make a particle of difference whether or not you select a single piece or a complete home outfit. We will absolutely guarantee that merchandise to be of the finest quality in design, workmanship and finish. We cannot emphasize this feature too strongly.

WITH this policy you are the judge as to whether or not the furniture we sell is giving absolute satisfaction. We do not take any risk in making this guarantee as we exact a guarantee from the manufacturers of whom we buy our furniture. Thus, we in turn can issue a similar guarantee to our customers. No salesman is ever permitted to misrepresent any piece of furniture on our floors in the slightest degree. It is this policy that makes your purchase of furniture at this store so satisfactory.

## 2 Millions Hear Edison's Proof

The truth about the New Edison sounds stranger than fiction.

People would not believe that the art of the living artist and its RE-CREATION by the New Edison could not be told apart. So Edison dared again. He gave them the actual proof.

In public performances all over the United States he matched the voice of the living artist against the New Edison's RE-CREATION of that voice and challenged the audiences to tell which was which.

Forty great artists participated in these tests. Two million people heard the tests, and said "there is no difference."

500 newspapers recorded these stories of the New Edison's triumph.

## The NEW EDISON

"The Phonograph with a Soul"

RE-CREATES every subtle beauty, every rush of feeling, every inflection of tone that distinguish the living artist's voice. This extraordinary power is written in the public records. It is proved every day in this store. Come in. Learn for yourself that the truth about the New Edison surpasses even the claims of other instruments.

### VALUES

Right judgment depends upon a sense of values. Those who are wise realize the value of having money ahead.

Those who are foolish cannot see past the value of spending money for present pleasures.

Be sensible. Put a part of every sum you earn in this bank, and insure your future.

## TOBACCO HABIT DANGEROUS

Says Doctor Cannon, formerly of Johns Hopkins hospital, thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit. It's just as easy as any up-to-date drug store and get some Nicotol Tablets. Take them as directed and for the period of two weeks quickly subside. Druggists behind the scenes if they fail. Be sure to read large and interesting advertisement by Doctor Cannon soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol Tablets. You will be surprised at the results. Blood and brain.

Sea Lions Not Harmful. Some time ago the conclusion was reached by Canada that the sea lions were inimical to the salmon fisheries and a bounty was placed upon the sea lions. Since then it has been discovered that the sea lions' destructiveness was so slight that his general slaughter was not warranted and that they offer possibilities of commercial exploitation in the matter of guano, leather and oil and really are worthy of protection. They are very timid and easily frightened away from the fishermen's nets.

Big Yield of Bone. The largest yield of bone from a single whale was taken in 1883 and amounted to 3,110 pounds.

BARBARA MAUREL

#### BARBARA MAUREL HISTORY

In spite of her youth, Barbara Maurel has had a career full of interest. Born of French parents in Alsace-Lorraine, in the very heart of that territory which for more than four years has been so bitterly disputed by the allied and enemy armies, she was brought to America as a child of five. Here she resided until her sixteenth year, when she returned to Europe, and for a season studied piano. Then, returning to America, she lived for two years in Philadelphia and New York, where she first conceived the idea of a vocal career. On her return to Paris, she was accepted as a pupil by Jean De Reszke. She studied also with that noted representative of the Fugere School, Jules Chevallier, to whom she was sent by Mary Garden, who had heard and admired her. Remaining three years under this eminent tutelage, she then entered upon her professional career—a full fledged product of the most authoritative French instruction. Covent Garden promptly claimed her as a welcome acquisition, and engaged her under a two-year contract. Coming to America a few seasons ago, she was engaged by the Boston Opera Company, for leading mezzo-soprano roles. With this company, she was heard all over the United States and Canada, appearing in "Rigoletto," "Butterfly," "Cavalleria Rusticana," "Tales of Hoffmann," and other standard operas. Her success was immediate and unqualified, and the audiences which welcomed her so enthusiastically in operatic roles have accorded her equal admiration in the concert field,—how much can to some extent be gathered from the notices of her recent recitals which follow:

OSCAR SEAGLE

#### OSCAR SEAGLE HISTORY

"Oscar Seagle rises head and shoulders above the crowd of concert aspirants." This is the verdict of Henry E. Krehbiel, dean of the American critics. It is a verdict attested to by the judgment of a hundred other experts and thousands of music-lovers.

The reasons therefore are easily discovered. Upon a voice of great natural beauty Seagle has superimposed a command of technical facility, a breadth of emotional power, a wealth of vocal color, a clarity of diction, in short a perfection of utterance that for its counter part we must go to the great singers of the golden age of bel canto.

His versatility is amazing. He does all kinds of song equally well. His twelve years of training under the great Jean de Reszke have given him a mastery of the French song, both ancient and modern, and a keen insight into the delivery of operatic arias; his coaching with Von Zurmuehlen, the renowned master, a rare knowledge of German lieder. His English songs spring from the heart and manifest a rich fund of emotional power.

In one field, at least, he is unique as well as great. No other singer has ever given us such interpretations of the negro spirituals as well as the popular songs of the South. Born and raised in the South, he has deep sympathy and comprehensive understanding of the spirit that sets the South apart in the fervor of its emotional life, and because of this sympathy and understanding and the additional fullness of his own art he has been enabled to deliver, for the first time, the true message of his native land. Indeed he is the musical prophet of the South.

The chemistry of sound, in which the distinct tones are separated and recombined with wondrous effect which inspires our better nature, cannot be found more applicable than in the Grafonola.

That softness of tone, the absence of a gritty grind sound and that sympathy—all are found in the Grafonola.

Artists of note agree that reproduction has reached a perfect state by the Columbia.

Permit us to show you our stock and demonstrate the superiority of the Grafonola.

A world without music! Imagine a lifeless scene, a starless sky, a summer without birds, or childhood without laughter.

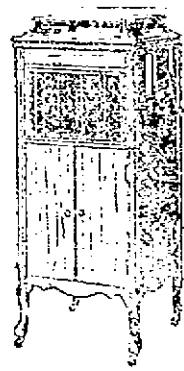

Music is poetry in motion—an exquisite expression of the beautiful. It is architecture, sculpture and painting translated into sound. In its loftier moods, it is exultant hope speaking the rhythmic language of the soul. Robbed of music, man would revert almost to the beast—seeking always that he might destroy. It is music that calms and soothes; it is music that inspires for all that is best in life. And it is the Grafonola that makes music available to all. A Grafonola is not only a pleasure, it is a necessity.

Before the spring months arrive, there will be several more Columbia stars appear in Portsmouth for concerts.

Among them will be Sascha Jacobson, America's celebrated violinist, Charles Harrison, wonderful tenor; Miss Farrar, foremost American soprano and the famous Columbia Stellar Quartet.

No better opportunity has ever been afforded to listen to the artists in person than visit our store and hear them perform through the medium of the Grafonola. A better proof of the Columbia accomplishments could not be asked.

The result of such a test will be certain to surprise you.

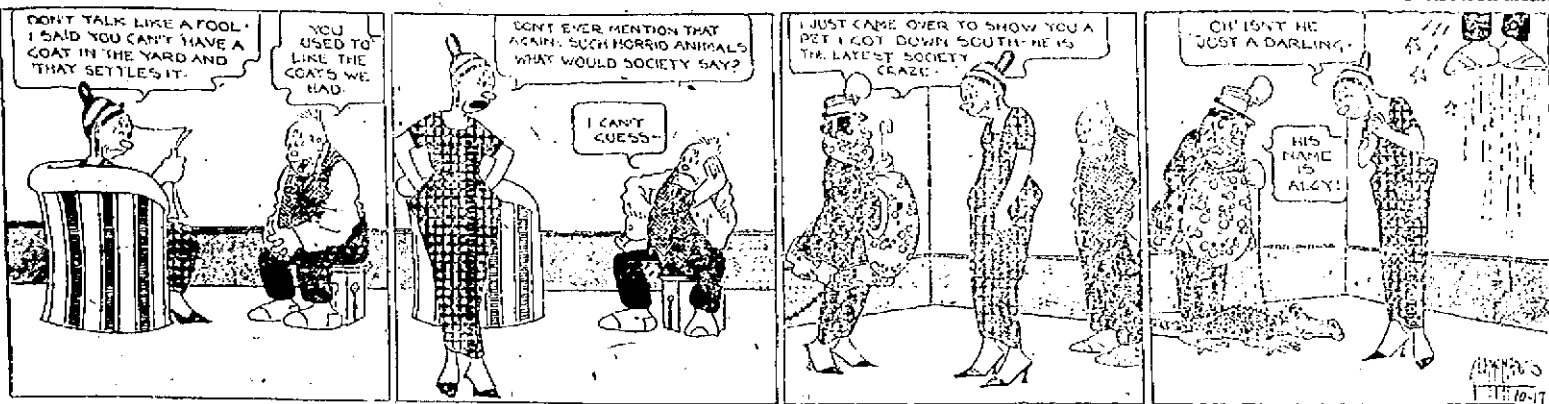

We have a large stock of Grafonolas and a complete selection of records. We would appreciate a visit from you.

## MORE FLOOR SPACE NEEDED AT POSTOFFICE

Superintendent R. C. March, of the clerks' department, was in town yesterday, devising plans, in conjunction with Postmaster Harold to relieve the space congestion at the postoffice. Plans have become so heavy, especially parcels post that frequently the work room becomes so crowded that clerks have to climb over mail sacks to get about.

The general business at the office has increased so that some months ago Postmaster Harold got an allowance of two extra clerks with the view of opening a second window but the two clerks have never been put to work because of the altogether adequate reason that the appropriation for clerk hire is exhausted and the department has no money with which to pay additional

## To Reside In Columbus

The many friends of Mr. and Mrs. Fred Schmitt for many years residents of Portsmouth will regret to learn that they will make their future home in Columbus, having left for the capital city today to join their daughter, Miss Philippine Schmitt, who is teaching in the public schools. They will make their home with Mr. and Mrs. George Hoesch (their son-in-law and daughter).

## WITH THE SICK

Joseph Deckmann is ill at his home on Fifth street.

Frank Hudson, 1201 Twelfth street, who underwent an operation in Hempstead hospital two weeks ago for appendicitis is recovering nicely.

Mr. Myer Greener who was recently operated on at her home 707 Third street is improving slowly.

Joseph Faivre, who has been ill with stomach trouble at his home on Third street is considerably improved.

William Ward of Front street is ill with pneumonia.

Erst Brown of New Boston, who recently underwent a surgical operation performed in Hempstead hospital, is improving rapidly.

Joseph Noel, who has been seriously ill at her home on the Seaton Trail, is considerably improved.

Frank Hildman Jr., of Coles Boulevard is seriously ill with typhoid fever.

LICKED, BUT WANT MORE

Jed Whelan was licked in the first round, but he persisted in coming back for more, and Dempsey gave it to him. The wets were especially licked last year. But they are asking for more in Ohio and other places. Very well, they can have all they want, and then some.

## BIGELOW HONORS SOLDIER MEMBERS TONIGHT

Tonight Bigelow church will honor returned service members with a banquet and program.

The banquet will be held in the basement of the church at 8:30 o'clock and the program proper will start promptly at 7:30 o'clock in the spacious auditorium, which is expected to be well filled, as all members of the church are invited and urged to attend the program.

All soldier boys of the church and Sunday school are urged to attend with their wives, and if not married, they are invited to bring their mothers. If any soldier member of the church is out of town, his wife or mother is invited to be present in his place. All soldiers are requested to come in uniform.

The banquet will be served by young

ladies and the menu to be served will take the place of several good suppers. The time has been set at 8:30 in order to give all plenty of time to get to the church.

The program to follow the banquet has been carefully arranged and it is sure to meet with the hearty approval of all.

## Register Today

Today and tomorrow, Saturday, will be the last chance to register before the big election, November 4th. Every elector should be sure to register to-day or tomorrow, if he has not already registered.

Any voter who has moved since the August primary should be sure to register one of these two days. The polls opened at eight o'clock in the morning and will close at two this afternoon, opening again at four and closing again at 4 p. m. The same hours will prevail Saturday.

Any voter who moves after tomorrow and before Nov. 4 will be able to get a transfer from one precinct, or one ward to another on the afternoon of Nov. 2, when the Board of Elections will meet to count transfers only. No one will be allowed to register at this special opening of the board.

A number of women are expected to register today and tomorrow, as the Women's City Club has been urging the women of the city to register in order to vote on members of the school board.

## ILL-MATED COUPLES ARE DIVORCED

During the hearing of her suit for divorce before Judge Stephenson in Common Pleas court yesterday Mary Newman 2331 Gallia street, declared that her husband, Albert Newman, shoe-maker started a course of ill treatment toward her soon after their marriage on Dec. 18, 1915, and which continued, she asserted, up to the time they separated on Dec. 1, 1917. She told the court that Newman's love for her was of short duration, she declared, he beat her and pulled her hair two weeks after their wedding.

The wife was awarded a decree with custody of their child, Pauline, aged 2, and Newman is to pay her \$3 a week alimony by agreement. The wife was represented by Attorney R. T. Kimble.

What's the use of losing our temper over trifles? There's never one solitary bit of good resultant. Of course annoying things will happen. Of course the temptation will come if we're normal people—and most of us are. But the losing of temper doesn't help matters a bit. It incapacitates us for right action, even when the losing seems excusable. An angry person who cannot govern self is not apt to wisely strive to better conditions, at least until the fit of anger is over.—Chicago Daily News.

### Bible Conference To Open Next Monday

The Bible Conference to begin Monday, Oct. 20, at the First Baptist church has direct relation to the two most significant movements of this time among the evangelical churches.  
One of these movements is in the direction of organic union of the churches, upon the basis of social service and an institutional regeneration of the world, and proceeds by grouping Christians together without primary regard to their beliefs. The other movement seeks to gather Christian people of all churches into an informal but effective fellowship for the support of those doctrines long recognized as fundamental to Christianity. This movement looks to the widest regeneration of man, the broadest missionary effort, the most effective philanthropy, but recognizes that the world in respect of its capacities for improvement and the achievement of its ideal is limited by its 'original sin.' The whole world lies in the wicked one. This is a declaration of scripture which indicates judgment, and the conference will deal with the manifestations of sin in the world and with the special judgments which are due for sin. The purpose is to emphasize how whoever will may escape the judgment for sin.

## Death Claims Val Heisel

One of the city's best known citizens passed away last night at nine o'clock when the final summons came to J. Val Heisel at his home 3525 Franklin avenue after an extended illness of complications. News of his demise will come as a surprise to his wide circle of friends who were not aware of his failing condition. Mr. Heisel had been growing steadily weaker the last few days and death did not come unexpected to his immediate family and relatives, his loved ones being at his bedside when the final summons came.

Mr. Heisel was born February 26, 1854 being sixty-one years of age when called by the Grim Reaper. He was born in a house which stood where the Three Little Tailors now have their place of business on Gallia street. He was a son of Valentine and Barbara Heisel. On Oct. 10, 1887 he was united in marriage to Emma Wilhelm, the child Elmer W. Heisel was born to this union. Left to mourn the death of a loving husband and father are the widow, Emma Wilhelm Heisel and a daughter, Emma Wilhelm Heisel. Norman Elmer W. Heisel, three grandchildren Val Bennett Heisel, Norma Louise Heisel and Janet Mabel Heisel. He also leaves the following brothers and sister John Heisel of this city, V. Heisel of 1012 Chilli street, and also with Irving Drew when these men had one room shoe shop. In 1878 he started work in the Heil and Drew Shoe factory where at that time he lasted the entire output of the factory. This factory developed into the present plant of the Selby Shoe Company. He spent his entire life with this occupation.

Joseph D. Heisel of Covington, Ky., and Mrs. Barbara Heisel of Seventh Street. His parents died when he was a boy about eleven years and at the age of fourteen years he began to shift for himself. He served his apprenticeship as a shoemaker at Bibbman's shoe shop Front and Jefferson streets. After becoming a journeyman shoemaker he worked for different shoemakers for short intervals and started a shop of his own in the basement of the Flinella Tavern on lower Third street. He was associated at different times with the eastern shoemakers who came into these parts and worked with John E. and Grant Williams

also with Irving Drew when these men had one room shoe shop. In 1878 he started work in the Heil and Drew Shoe factory where at that time he lasted the entire output of the factory. ception of one year in the shoe-making industry of Portsmouth and was known as one of the best posted men in the country.

During 1902-1903 he was factory superintendent of the Storrier Corporation in Columbus but being dissatisfied and homesick for Portsmouth he returned and resumed his former position at the Selby Shoe Company. He remained in this position and that of quality man until the time of his retirement on account of ill health about five years ago.

Not content with having nothing to do he conducted a small repair shop on Logan street where he worked part of each day until about a year ago. He was stricken with asthma about twelve years ago and that malady together with other complications gradually undermined his constitution.

Val Heisel was that type of man of whom every one considered his word

as good as his bond. He lived a joyous disposition even in the days of his suffering and even on his death bed suffering great pain, he had smiles for his loved one who were trying to alleviate his suffering.

The deceased was a staunch Republican but never took an active part in politics.

He joined the Second Presbyterian church in 1892 and had always remained a faithful member.

The funeral will be held from the home Saturday afternoon at three o'clock. Funeral services will be held at Rev. George P. Horst will conduct the last rites.

## Youth Is Arrested

Albert Gould, 16, was the name of a youth arrested at Haverhill by Deputy Sheriff Harry Thimmon and brought to jail for the alleged theft of a bicycle in this city last night.

The lad was taken into custody after his unknown companion attempted to steal a bicycle from the home of William Caldwell, farmer, living near Haverhill this morning. Caldwell caught the thief and after giving him a sound beating let him go and the youth escaped.

The bike stolen here by young Gould was found in his possession and returned here by the officer. The owner of the wheel is not known.

The Better Maxims. "Look on your best friends with the thought that they may one day become your worst enemies" was an ancient maxim of worldly prudence. It is for us to reverse this maxim and rather say, "Look on your worst enemies with the thought that they may one day become your best friends."—Dean Stanley.

Depository and Depository. The following defines depository as a warehouse, a depository for goods; a clerk's office for records; a warehouse for stamps, etc. A depository is a person with whom anything is left for lodging in trust; as a trustee; a guardian; one to whom a thing is left for safe keeping. All national banks in the United States that are designated by the government for deposits are rated as depositories; and the government invariably uses the word (depository) for any money, bonds, etc., deposited.

## Every Woman Needs IRON at Times

If women would only take Nuxated Iron when they feel weak, run down, tired, nervous and listless, they would find it a most reliable remedy for all such troubles. # CAMP SHERMAN 11 HERE SUNDAY

With the advent of cooler weather, the N. & W. football team is looking for a big game Sunday afternoon on the Seventeenth street gridiron when they tackle the Camp Sherman team, made up of the best gridiron warriors in the entire camp.

The soldier team is composed of men who know football, several college stars having a place on the team, which is only coached this season. The camp team's manager has sent word ahead that he wants to send his team against a strong eleven and not against a weak team. He will no doubt have his want filled much to his surprise when the teams start the fray Sunday afternoon, for the N. & W. team represents one of the best Sunday football aggregations that ever represented the Peerless City.

The local gridironers held practice last night and are fully confident they will turn in a victory Sunday. The new uniforms have arrived and are on display in Henry Roth's window. The sweaters are maroon with a large white and two small white stripes. The stockings are red and blue.

Mr. Dutsek has already started advertising the big game for which fifty cents will be charged, the soldier team coming down 15 men strong. Practice tonight at 5:15. This will be the last practice before Sunday morning.

## Team Travels In Style

HUNTINGTON, Oct. 17.—The Huntington High School football eleven will leave tonight over the B. & O. for Wheeling, where tomorrow they meet the Huntington Institute in what points to be a latter contest. The trip will be made in Pullmans so that the team will have a good night's rest previous to the game. The following players were named for the trip: Captain Stuart, Hay, Carter, Hutton, Workman, Pizer, Morrison, Fry, Sargrave, McVay, Brown, Britton, Chapman, Hagen, Martha and Ward.

## May Trade Jimmy Ring For Outfielder Smith

Jimmy Ring for Jack Smith of St. Louis! Such is the first trading story that has started on the rounds in the baseball world. It is asserted in St. Louis that such an exchange is already planned, and that the deal may help two clubs, besides finding two unlikely players a more satisfactory location.

Jimmy Ring is one of the greatest right-hand pitchers in the game, but seems strangely unfortunate with the Reds.

Jack Smith is considered one of the finest outfielders now in the National league, but has been unable to hit anywhere near his former standard. In new pastures he might return to his proper rank—round 295—and he can surely cover ground with any of them. Pat Moran has always thought highly of Smith.

### Ferryboat Repaired

C. & O. officials received word today that the new C. & O. ferry at Ironton was laid up for repairs.

# HOD ELLER GIVEN AUTO AND PIANO

DANVILLE, Ill., Oct. 17.—Hod Eller, Red pitcher, who stopped the Chicago White Sox twice in the world series, was welcomed home today with a warmish which caused home-coming of Congressmen and other notables to appear in comparison.

The General Reception Committee met this afternoon in Indianapolis, with a piano and a new automobile.

All that was need to make a Hod Eller home was the ball of the stuffed White Sox dragging from the fire wagon which met the former fire fighter at the station. The parade was larger than at the time Charlie Joe Cannon, just elected Speaker of the House, came home at the close of the 1904 session of Congress.

## OHIO ELEVENS ACTIVE SATURDAY

COLUMBUS, O., Oct. 17.—Football Big Ten (Western Conference) teams, played in expected strength against the Eastern Conference series, in the third last week, will make its bow Saturday night at Columbus, Ohio. The Western Conference series, in the third last week, will make its bow Saturday night at Columbus, Ohio. The Western Conference series, in the third last week, will make its bow Saturday night at Columbus, Ohio.

# "Diamonds" Handed "Lactones" A Trimming At The Play House

Early scores marked the contest between the Diamonds and Lactones at the Play House alleys, last night. The Diamonds captured two out of three. The work of all the players was decidedly off color, not one of the players averaging as good as 100. But while the scores were low, the games were hotly fought and were not decided until the tenth frame. The Lactones, of which Edward Leech is captain won the operating game by a margin of 20 pins, while the Diamonds won the second game by a lead of 10 pins. The last game was full of thrills and climaxed at the sixth frame it looked to all over for the Diamonds. However, they pulled themselves together at this time and finally coasted out the Lactones who flinched dismally at the close.

Dr. Tatje was the boss bowler of the evening but is not at all elated over his shooting. He shot but 443 for the entire evening. Captain Leech was the second best bowler with 429. Donald Lee, of the Diamonds was third with 421. Presently the players have not secured the range or they are dazzled by the bright lights and shining alleys. It is hoped they will soon overcome such little handicaps and that the wood will begin to fly in all conceivable directions. One thing sure, there does not seem to be any team that is going to lord it over the others. All are in the same boat and it is hard at this stage of the race to say who is who in the Masonic League.

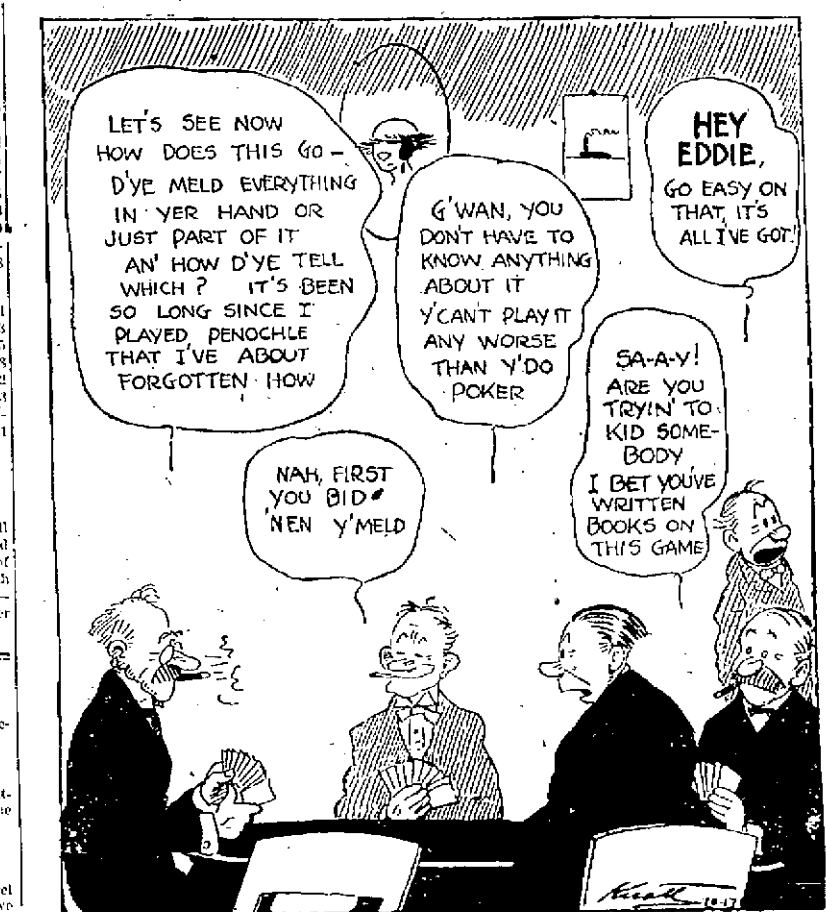

The scores:

	1	2	3	Total
Lactones	122	102	109	333
Diamonds	111	57	121	297
Final	125	125	125	375
Tatje	158	141	144	443
Leech	155	133	141	429

## Moran Has Signed

Now comes the story that Pat Moran has already signed his 1920 contract to again pilot the Reds. It is said he received a substantial increase in salary and is perfectly satisfied with the figures in his new document. "Ooray!"

## Series May End Today

LOS ANGELES, CAL., Oct. 17.—Three runs in the first inning gave St. Paul the eighth game of the Western Minor League championship series here 3 to 1. The series now stands 4 to 4, and the final game will be played today.

## To Form New League

DANVILLE, Ill., Oct. 17.—There is serious talk of forming a new Central and Western league. It may be formed in the near future. The league would be formed in the near future. The league would be formed in the near future.

## Wilce's Great Record

COLUMBUS, O., Oct. 17.—Recognized as one of the most brilliant of the younger generation of football coaches, the record of Dr. John W. Wilce, former Wisconsin and all Western star, who is entering upon his seventh season as director of football at Ohio State University, stamps him as one of the real "miracle" men of the gridiron game.

Two independent Western Conference championships in 1916 and 1917, years when the Big Ten colleges were getting forth their best efforts, have been achieved by the Scarlet and Gray of Wisconsin. Let's inspect for a third attachment of conference honors as excellent.

Not including games played this season Scarlat and Gray eleven entered by Dr. Wilce have won 32, tied 3 and lost but eight games, in both Ohio and Western Conference foes, for a percentage of 500. Of the defeats administered to opponents 21 have been shutouts for the opposition.

Ten thousand and fifty-one points have been rolled up by local eleven of the past six years while the opposition has been collecting 210. Of the eight defeats Ohio has suffered four have been at the hands of Wisconsin, which was returned victor over the Buckeyes in 1913, 1914, 1915 and 1916. In 1913 Indiana managed to eke out a one-point margin over Ohio State after the latter had the contest sewed up. In 1914 and 1915 Illinois lowered Ohio's colors, while Michigan won out in the final quarter of play in 1918.

## Red Scout Passes Up Ruth

Babe Ruth made 103 runs in 130 games, a simply dizzying record. The 350-run wallop he inflicted on bough pitchers, of course, accounted for a lot of them, but the other 74 runs were batted around by his compadres, showing that they rally well behind the home slugger. Fans will recall that the Baltimore club offered Cincinnati the choice of two pairs of athletes for the same money—Ruth and Shore or Derrick and Tondobley—and the Red's agent took the latter couple.

## Team Holds Signal Practice

The P. H. S. football gridironers were seen to hold the Kentuckians a decent yesterday chasing the pigskin about the Seventeenth and Findlay streets field.

### TEMPORARILY INSANE HUSBAND'S VERDICT

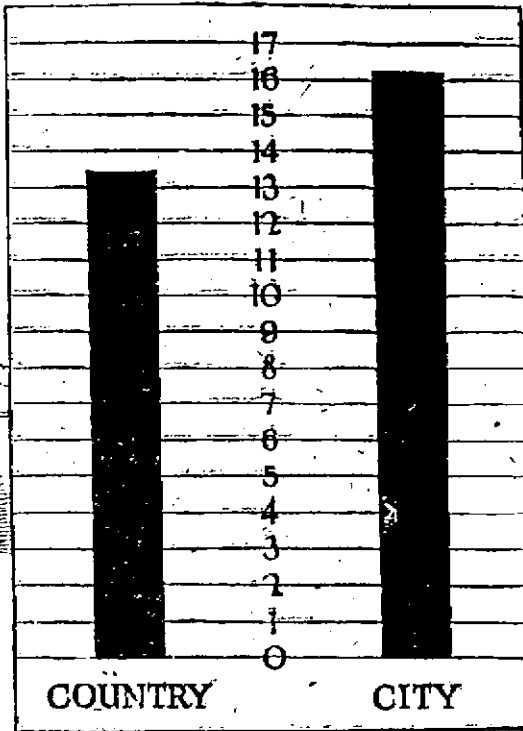

Mrs. Roy Lusk.

"My wife was temporarily insane," is the explanation Roy Lusk of Bismarck, Minn., offers for the fact that his wife, who gave their two little girls a lecture of morality, slow poison, with murderous intent. The children were taken to a Chicago hospital, and the whole country watched their rescue fight for life. The mother has been taken to the Michigan State insane asylum.

On country roads the yielding earth cushions your feet against the jars of walking

According to figures for the latest five year period covered by the last census, the death rate in cities is 21.6% greater than in the country districts. The figures show 16.5 deaths per thousand in cities; 13.5 per thousand in the country.

On the hard, modern pavements of cities, every step on hard leather heels is pounding away your energy

# Are you exposing yourself to the danger of "city diseases"?

CERTAIN diseases are so prevalent in cities that doctors call them "city diseases."

Tuberculosis, Bright's disease, heart trouble are ailments known to be common among people who live in cities.

In the last five year period covered by census figures, the death rate in cities is shown to be higher than in country districts by 21 per cent.

These conditions are due largely to the manner in which city people live. The average city worker spends at least five-sixths of his time indoors. He is out-of-doors more than four hours in every twenty-four, he can count himself fortunate.

The city worker seldom walks. He travels from home to business in crowded cars or trains. He works all day stooped over a desk, a machine or a counter. Indeed, medical men state that the average city worker uses no more than a third of his lung capacity—that about 400 muscles of his body have actually become weakened through disuse.

Is it any wonder that we are susceptible to countless ailments; is it any wonder that the city death rate is so high under these conditions of living?

Walking, the one great exercise which every man should enjoy, has become a burden. Too

often it contributes directly to that over-fatigued condition which makes the city dweller an easy prey to illness.

In his usual routine the average city worker takes 8,000 steps a day, on hard, modern floors and pavements. If you wear nail-studded leather heels you give your body 8,000 jolts and jars a day—for every step with hard heels on still harder pavements acts as a hammer blow to your entire nervous system. The constant repetition of these shocks exhausts your energy, helps to bring on over-fatigue, with its ever-present threat of serious illness.

Yet walking on hard pavements need not be any more fatiguing than walking on turf. Walking can easily be made a pleasure and a benefit.

Modern pavements are built for modern traffic. You can't bring back the yielding dirt streets of many years ago—the streets for which leather heels were made, but you can cushion your feet against the jolts and jars that make walking a burden. You can replace hard, old-fashioned heels with O'Sullivan's Heels of live, springy rubber.

**What gives a rubber heel "life"?**

It is not just the rubber that gives O'Sullivan's

Heels their springiness and wearing qualities.

Rubber, as you know, can be made hard and brittle as in fountain pens or soft and crumbly as in pencil erasers. To secure the resiliency and durability of O'Sullivan's Heels, the highest grades of rubber are "compounded" with the best toughening agents known. The "compound" is then "cured" or baked under high pressure.

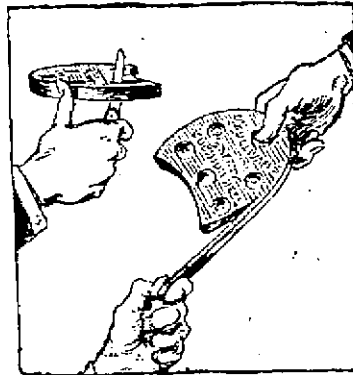

By this special process the greatest resiliency is combined with the utmost durability.

It is this special process that has, since the making of the first rubber heel, established O'Sullivan's Heels as the standard of rubber heel quality.

**Guaranteed to outlast any other heels**

O'Sullivan's Heels are guaranteed to wear twice as long as ordinary rubber heels; and will outlast three pairs of leather heels.

Go to your shoe repairer today and have O'Sullivan's Heels put on your shoes. O'Sullivan's Heels are furnished in black, white or tan; for men, women and children. Specify O'Sullivan's Heels, and be sure that you get O'Sullivan's—avoid the disappointment of substitutes.

If an O'Sullivan Heel is cut along the side so that a thin strip of rubber is left attached at one end, that strip will have great elasticity—it can be stretched several inches. With an ordinary rubber heel the material snaps in two before it has stretched to any great degree. This test proves the remarkable resiliency and durability of O'Sullivan's Heels.

One out of every four persons in Greater New York wears O'Sullivan's Heels. Fully a quarter of New York's vast population finds that O'Sullivan's Heels prevent over-fatigue from the jolts and jars of walking.

## O'Sullivan's Heels

Absorb the shocks that tire you out

When you try your first O'Sullivan's Heel, note their great resiliency. It is this resiliency that prevents you from pounding away your energy

## SIX MEN ARE SHOT IN STRIKE DISORDERS AT NEWPORT, KY.

CINCINNATI, O., Oct. 17.—The clash between strike sympathizers and guards and workmen of the Anderson Steel Company, New Port, Kentucky, last night in which William Nimmo, former chief of detectives of Cincinnati, and five other men were shot, is believed to have been caused by reports that revolution workers were being brought in to operate the steel plant. Besides Nimmo, who received twenty backshot wounds in his legs, arm and head the injured ones: William L. Hicks, Newport; Irwin Kozlowski, Washington; Carl Barschauer, Clinton, Ky.; John Paroch, Cincinnati and Lee Collins, Cincinnati. Barschauer said to be the only striker wounded, is in a serious condition.

The fight started immediately after the guards and three workmen left the gates of the steel plant after work for the day.

Nimmo and his party took refuge in a government warehouse nearby, where they were besieged for five hours, during which time Nimmo and the other wounded men suffered from lack of medical attention. They were rescued by Newport police.

Versions of shooting differ widely as to which side fired the first shot. One story received by the authorities is that a man in the vicinity waved a white apron as a signal to the strikers and that shots were fired from nearby houses.

When the Anderson plant closed down last June the workers formed a union. They made demands for increased wages and changes in working conditions. The company refused to grant these demands. A general strike of residents then was called.

The plant has been closed for approximately 20 weeks, officials said last night.

## HAS FIXED PLAN TO PREVENT THE MINERS' STRIKE

WASHINGTON, Oct. 17.—In continuing today his attempt to mediate between coal mine operators and their workmen, who have demanded the six day week and the five day week, Secretary of Labor Wilson announced he was proceeding without a fixed plan.

John L. Lewis, acting president of the United Mine Workers, and Thomas J. Brannan, president of the coal operators' union, had engagements with the secretary today, to open the negotiations by which it is hoped, the coal miners' strike, called for November 1, in the central competitive fields, may be averted.

## TONS OF FOOD ROT DURING NEW YORK LONGSHOREMEN'S STRIKE

Longshoremen idling along West street during strike and small sections of vast piles of foodstuffs which rotted during tie-up of shipping.

Tons of foodstuffs rotted away on the docks and in the warehouses during the strike of 60,000 longshoremen and 2,000 shipping clerks, landing shipping on the New York harbor docks. Much of the food, in boxes and bags, was exposed to the weather while the strikers gathered along the docks.

## BOTH SIDES APPEAR SATISFIED WITH THE STRIKE CONDITIONS

YOUNGSTOWN, O., Oct. 17.—Apart from the starting up of another open hearth furnace at the Youngstown Sheet and Tube plant this morning, there is no change in the steel strike here. None is expected now until Sunday afternoon or Monday morning when operations for the week begin.

Foreign laborers are reported to be growing more restive and neutral observers who are in close touch with the situation anticipate that many who have remained away from work through fear will return to their old jobs soon.

PITTSBURGH, PA., Oct. 17.—Conflicting claims by employers and union leaders involved in the strike of steel workers in Pittsburgh district, were developments of the situation today. The companies' statements expressed optimism and a representative of the Carnegie Steel Company, subsidiary of the United States Steel Corporation, said that concern had to percent as many that business today as were working when the strike began.

Union leaders were emphatic in their declarations that the strikers were not being goaded. They said new recruits were joining the ranks of the strikers each day and added that they were well pleased with present conditions. According to union representatives, many of the mills which employers have claimed were operating are "below water" and the funds of workmen on hand were declared to be entirely inadequate to run the plants.

CHICAGO, Oct. 17.—Steel mill operations at Gary, Indiana, assert the strike in that industry, now nearing the end of the fourth week, virtually has been broken and that they are building up a new organization, and from the other great plants in the Chicago district reports are that conditions gradually are improving. Strike leaders reiterated their statements today that only unskilled laborers have returned to work. Except for raids at Gary on suspected radical centers, and the shooting through mistake of two negroes in South Chicago by policemen yesterday, the course of the strike was without incident.

Several new proposals, which have not been discussed, were to come before the conference, with the intention that final decisions would be made. The meeting was regarded as the last preliminary step to a vigorous campaign by the department of Justice and other governmental agencies to break the cost of living.

## "Flying Parson" Again Hops Off

OMAHA, NEB., Oct. 17.—Lieutenant Maynard arrived in Omaha soon after 8 o'clock from Wahoo, Nebraska, where he had made a forced landing after breaking a crank shaft.

LINCOLN, NEB., Oct. 17.—Lieutenant Maynard, the "Flying Parson," and leader in the transcontinental air race, who was forced to land near Wahoo, Nebraska, yesterday, when the crank shaft of his machine broke, "hopped off" about 8 o'clock this morning from Omaha, according to information received here.

RESTORED TO COMPETITION  
CHICAGO, Oct. 17.—Restored to competition in the army endurance and reliability airplane race by winning of the directing authorities at Washington after their ships had been so badly damaged that both were believed out of the contest, Lieutenant Ralph W. Maynard, the "Flying parson," and Captain Lowell H. Smith, leaders on the first lap of the twice transcontinental flight, planned to resume their homeward courses today. Lieutenant Maynard at Wahoo, Nebraska, where he made a forced landing in a corn field yesterday, after a crank shaft in his motor was broken, today was working hard on the installation of a new De Havilland 4 of the Liberty motor from the wrecked Martin bomber.

INSTEAD, NEW MOTOR  
OMAHA, NEB., Oct. 17.—Undaunted by a broken crank shaft which caused him to make a forced landing in a corn field near Wahoo, Neb., forty miles west of Omaha, yesterday, Lieutenant W. W. Maynard today arrived at Omaha, where he worked all night installing a new De Havilland 4 of the Liberty motor from the wrecked Martin bomber. The Captain Roy Francis, leader of the second team, who was taken from the Martin bomber, piloted by Captain Roy X. was to resume in a new plane if weather conditions permitted.

Lieutenant Maynard planned to return to St. Paul, Nebraska, 150 miles west, for his new start. That would permit him to take advantage of the lighted flying time on the entire trip.

## FROST PREDICTED

After a week of rain, the weather man has switched his tactics, and with a prediction of clearing weather forecasts frost for tonight, as follows: OMAHA—Fair tonight and Saturday. Frost tonight.

## SENATOR PROPOSES LYNCH LAW PROBE

NEW YORK, Oct. 17.—Senator Charles Curtis has introduced a resolution in the upper house of congress that would authorize a senatorial investigation of the whole subject of lynching. His resolution, if passed, would require the judicial committee to report what remedy or remedies should be employed to prevent the recurrence of race riots and lynchings.

## FLEW ENTIRELY BY COMPASS

CLEVELAND, O., Oct. 17.—Flying through rain and fog, Paul S. Gals, pilot of the United States air mail service, yesterday made what officials consider one of the most remarkable flights of his kind. Gals made the trip from Cleveland to Chicago and return in seven hours under adverse conditions. The entire flight was made by compass and at no time on the return trip could he see ground.

## OPENING STOCKS

NEW YORK, Oct. 17.—Stocks showed little action at the opening of today's session of the stock exchange which accompanied yesterday's later dealing. Stocks and oils were 1 to 2 points higher, also food shares. American Woolen and miscellaneous specialties, American Ship and Commerce, etc., of yesterday's strongest features, moved to a new high point on the first transaction of today's session. At 11:12 to 11:15, stocks and oils were in transition.

Joseph Palmer, who has been ill with stomach trouble, at his home on Third street, is gradually improving.

William Ward of Great Street is ill with pneumonia.

Paul Brown of New Haven, who recently underwent a surgical operation performed in a Cleveland hospital, is improving rapidly.

## SENATE REJECTS AMENDMENT BY VOTE OF 55-35

WASHINGTON, Oct. 17.—Having finally disposed of the Shantung amendment to the peace treaty by a vote which left no doubt as to its attitude on the question, the senate was ready today to resume reading of the printed text, a four day job at best, with clerks reading in relays.

While there was no formal agreement, the plan was to continue reading today and tomorrow. Having had its fill of speech-making the past week, the senate was not inclined to jump into it again today. The Johnson amendment, designed to equalize the voting power of the United States and Great Britain, will be taken up next week and is expected to start a protracted period of oratory.

The Shantung amendment, which provided that the Chinese province of Shantung, taken from Germany by Japan, be restored to China, was defeated by a vote of 55 to 35. Fourteen Republicans voted with the Democrats against it, while three Democrats voted for it.

Republican leaders declared that the result had no possible bearing on the final up for ratification, insisting that there was no hope of ratifying the treaty without reservations. They pointed out that many of the conservative Republicans announced they would demand reservations which would serve substantially the same purpose as amendments.

The vote in detail follows: Republicans—Baird, Borah, Brandegee, Chandler, Capper, Curtis, Dill, Hughes, Felt, France, Frelinghuysen, Gurnea, Harding, Johnson, (California), Jones, (Washington), Knox, La Follette, Lodge, McCormick, McLean, Moses, New, Norcross, Norris, Paine, Penrose, Phillips, Poindestler, Sherman, Silvermaster, Wadsworth, Warren and Watson—32.

Democrats—Gore, Reed and Walsh—11.

Total for adoption—37.

Against adoption:

Republicans—Cott, Cummings, Hale, Kellogg, Kenyon, Rogers, Tamm, McCumber, Nelson, Smoot, Spencer, Sterling and Townsend—41.

Democrats—Ashurst, Bankhead, Beckham, Chamberlain, Chandler, Dill, Fletcher, Gay, Gerry, Harris, Harrison, Henderson, Hitchcock, Jones (New Mexico), Keckley, King, Kirby, McKellar, Myers, Nugent, Overman, Owen, Phipps, Pittman, Pomeroy, (Idaho), Robinson, Sheppard, Shields, Simmons, Smith (Arizona), Smith (Georgia), Smith (Maryland), Stanley, Swanson, Tamm, Tammell, Underwood, Walsh (Montana), Williams and Wolcott—41.

Total against adoption—55.

The six senators absent or paired were:

For adoption—Fernald, Republican, Maine and Illinois, Republican, West Virginia.

Against adoption—Diggs, Republican, New Jersey; Johnson, Democrat, South Dakota; Martin, Democrat, Virginia; and Smith, Democrat, South Carolina.

## OFFICERS ELECTED

CLEVELAND, O., Oct. 16.—At the closing session today of the convention of the Ohio Federation of Women's Clubs the following officers were elected: President, Mrs. W. H. # MURDER TRIAL OPENS

The trial of Admiral Irwin, East Portsmouth young man, on a charge of second degree murder in connection with the mysterious shooting of Herman Lambert, Walnut street, south of a summer camp on the hill at the head of Brewery Hollow last March, started before Judge Stephenson and a jury in common pleas court this morning.

A special venire of 20 additional jurors drawn for this court reported to Judge Stephenson, and the work of selecting a jury was started promptly on the evening of court. An array of more than 50 witnesses called by the state and the defense were present to testify for and against the accused young man, while the lobby of the court room was filled with an interested throng of spectators.

The case promises to be quite a battle between the attorneys, with Prosecutor Sheppard and Judge Blair pitted against Attorneys Theo. H. Funk and B. F. Kiable.

## Thief Conscience Stricken—Returns Tickets

Twenty six season tickets to the U. S. football games mysteriously disappeared from the desk of one of the teachers in the high school some time ago.

After a vain search had been made for the tickets, or for the one who appropriated them, they were recently found in a table drawer in the ladies rest room at the high school.

It is thought that the thief became conscience stricken and placed them in the drawer. None of them were missing.

## Bible Conference To Open Next Monday

The Bible Conference to begin Monday, Oct. 20, at the First Baptist church has direct relation to the two most significant movements of this time among the Christian churches.

One of these movements is in the direction of organic union of the churches, upon the basis of social service and an institutional recognition of the world, and the other is a movement toward a more complete recognition of their beliefs. The other movement seeks to gather Christian people of all churches into an informal but effective fellowship for the support of those doctrines long recog-

## "EVERY YEAR, EVERY YEAR SIR" ABE SAID

CAMP SHERMAN, CHILLICOTHE, Oct. 17.—Abe Mosely, the Porter, La., driver, was getting late discharge papers at Camp Sherman yesterday.

"When is your birthday, Abe?" said the statistics officer.

"Sept. 20, sir," he replied.

"What year?" continued the officer.

"Every year, every year, sir," said Abe.

## MORE FLOOR SPACE NEEDED AT POSTOFFICE

Superintendent H. C. Barth, of the post office, has been so busy with his department, in town yesterday, devising plans, in conjunction with Postmaster Harrod to relieve the space congestion at the post office.

He has become so busy, especially parcels post that frequently the work room becomes so crowded that clerks have to climb over mail sacks to get about.

The general business at the office has increased so that some months ago Postmaster Harrod got an allowance of two extra clerks with the view of opening a second window but the two clerks have never been put to work because of the appropriation for clerk hire is exhausted and the department has no money with which to pay additional clerks.

## COX ISSUES MANIFESTO ON DUTIES OF MAYORS AND SHERIFFS IN LABOR UNREST

COLUMBUS, O., Oct. 16.—The manifest issued by the governor yesterday directed mayors and county sheriffs to be alert to their duties in enforcing the law during the present labor unrest, but at the same time made it plain that the power of the law shall not be used to aid in breaking a strike.

The governor says that officials of some companies where strikers are in progress have expressed to him their intention of resuming operations and have asked for "protection". In reply he said, he has directed the fact that some of the officials believe it the duty of the government to transport their employees into and out of the plants.

"This is not the function of government," the governor declared.

"Throughout the year," the manifest declared, "the policy has been and will be to use no soldiers nor policemen to man street cars for instance, nor to

## Treat In Store For Music Lovers Tonight

A genuine treat is in store for music lovers tonight in the High School auditorium when Barbara Maurer, celebrated prima donna mezzo-soprano of the Boston Opera Company and Oscar Seagle celebrated baritone will appear in concert.

These artists are appearing under the management of the Distel Pure Company in behalf of the Y. W. C. A.

A splendid program has been arranged in which these two artists appear in many beautiful duets and solos.

The concert will begin at 8:15.

## Will Honor Memory Of Ex-President Roosevelt

Monday, October 20th marks the birthday anniversary of Theodore Roosevelt and has been declared by proclamation of Governor Cox, a holiday in Ohio. The governor's proclamation asks for the celebration in schools by exercises and has set the day apart as "Americanization Day".

"Roosevelt Day" will be observed in Portsmouth with exercises in each grade school room.

The High School will remember the great American in their chapel exercises.

## DRY WORKERS PLAN FOR BIG PICNIC

Madison Township Dry organizers have planned to have a picnic at the Fairview Baptist church on Saturday, November first. The picnic will be one of the big affairs of the autumn season for Madison township residents.

In some places in Scioto county the Dry question will be the only reason for registration or voting in several places, including South Webster, there are no political offices involved upon.

## YES, THERE'S SOME DIFFERENCE

What a difference a year can make. Contrast that sum with the \$5,225 when the Boston Red Sox cut up their share of the winners' money in 1918. Each athlete got \$1,102.51, so light was the attendance in the war time.

Contrast that sum with the \$5,225 pulled down by the Reds. Never was there such a change in so short a period. The game surely came back to its own, and then some, when the war was over.

## Register Today

Today and tomorrow, Saturday, will be the last chance to register before the big election, November 10. Every elector should be sure to register today or tomorrow, if he has not already registered.

Any voter who has moved since the August primary should be sure to register one of these two days. The poll opened at eight o'clock in the morning and will close at two this afternoon, opening again at four and closing again at 9 p. m. The same hours will prevail Saturday.

Any voter who moves after tomorrow and before Nov. 3 will be able to get a transfer from one precinct to another to another on the afternoon of Nov. 3, when the Board of Elections will be allowed to register at this special meeting of the board.

A number of women are expected to register today and tomorrow, as the Woman's City Club has been urging the women of the city to register in order to vote on members of the school board.

## DROWNS IN OHIO

Harry Kusey, who is supposed to have been a Russian, was drowned in the Ohio river this side of Cincinnati. His body has not been recovered.

## ILL-MATED COUPLES ARE DIVORCED

During the hearing of her suit for divorce before Judge Stephenson in Common Pleas court yesterday Mary Newman 2181 Galley street, declared that her husband, Albert Newman, shoe worker started a course of ill treatment toward her soon after their marriage on Dec. 18, 1915, and which she asserted, up to the time they separated on Dec. 1, 1917. She

Edith Alexander was granted a decree by Judge Stephenson in Common Pleas court yesterday, divorced from Ernest Alexander, when she married May 25 1916. The decree was granted on the ground of extreme cruelty after the wife testified that Alexander frequently assaulted and beat her. She also declared he neglected her for other women when he squandered his earnings, she said.

## BIGELOW HONORS SOLDIER MEMBERS TONIGHT

Tonight Bigelow church will honor returned service members with a banquet and program.

The banquet will be held in the basement of the church at 6:30 o'clock and the program proper will start promptly at 7:30 o'clock in the spacious auditorium, which is expected to be well filled, as all members of the church are invited and urged to attend the program.

All soldier boys of the church and their wives are urged to attend with their wives, and if not married, they are invited to bring their mothers. If any soldier member of the church is out of town, his wife or mother is invited to be present in his place. All soldiers are requested to come in uniform.

The banquet will be served by ladies and the menu to be served will take the place of several suppers. The time has been set at 6:30 in order to give all plenty of time to get to the church.

The program to follow the banquet has been carefully arranged and is sure to meet with the hearty approval of all.

## W. C. DEVEREAUX PREDICTS 25 FEET

At 10:15 this morning River Observer P. R. Winter received the following message from a Weather Forecast of W. C. Devereaux of Cincinnati:

"River at Portsmouth will continue to rise for 24 hours and probably will reach 25 feet at your place. The river is rising from Pittsburgh to Cincinnati. The Kanawha is also rising and rain is reported at all points along the Ohio."

Should the Ohio reach 25 feet some stage of 22 feet before the crest of the lowland in the bottoms will be submerged. Farmers are taking no chances and are busy moving their corn to higher ground.

At 7 o'clock this morning the Ohio river registered 20 feet here and is rising very slowly. However, rivermen predict that the river will reach a stage of 22 feet before the crest of the lowland in the bottoms will be submerged. Farmers are taking no chances and are busy moving their corn to higher ground.
